Support National Monument Designation

"a proposal ...under consideration to protect 1.7 million acres of existing public lands surrounding the Grand Canyon as a **National Monument**. This would make permanent the current ban on uranium and other mining in these lands, including along the Colorado River and national forest land."

Conservation is Important in Candidate Selection

Oppose State Takeover of Public Lands

"Some Members of Congress have proposed giving **Arizona** state government control over national public lands, such as national forests, national monuments, and national wildlife refuges in its borders. The state government would decide the future management of the lands, but state taxpayers would pay all costs, including the cost of maintenance and preventing and fighting wildfires."

65%

Phoenix

84% of Arizonans view the Colorado River as "at risk" – highest in the region.

❖ 84% support presidential authority for National Monument designation

❖ 82% support treating wildfires as natural disasters in budgeting;

❖ 75% support continuing investment in LWCF
